Delivery	1 USB Ultrasonic Humidifier Candle GO-204 1 USB cable, 1.2 meter 1 Cotton swap, 1 replacement cotton swap (Cotton swaps can be reordered Art.-No. GO-204-CS)
Dimensions	Ø 80 x H115mm
Dimensions Packaging Single Box	85 x 85 x 120 mm
Weight	148 gr
Weight incl. Packaging	210 gr
Cable length	1.2 meter
Master carton	40 pieces
Dimensions/Weight Master carton	Masse 45 x 37 x 28 cm / G.W. 10 kg
Manual	German / English (in packaging)
Warranty	1 Year
EAN Code GO-204-S (black)	7640117141260
EAN Code GO-204-W (white)	7640117142113
EAN Code GO-204-P (pink)	7640117141277
EAN Code GO-204-G (green)	7640117141390
HTS Code	8414.51.91.00
Origin	Shenzen, China
Classification / Standards	

Manual Instruction

1. Take off the top cover and add tap water (do not use pure or distilled water!).
2. Before using the humidifier, remove the cotton swap from the tube and immerse the cotton stick thoroughly in water for approx. 10 seconds (see also "Inserting, replacement cotton swap").
3. Place the top cover back on the water tank and connect the power supply.
4. Press the spray button (small button above the power connection) to start spraying.
5. Press the spray button again for approx. 3 seconds to switch on the light.
6. Press the button to switch off, the humidifier will be switched off. Press again for 3 seconds to turn off the light.

Product description

Increase the humidity in your rooms with this multifunctional humidifier. The ultrasonic vaporizer increases humidity and helps prevent stuffy air, germs, allergies and dry skin. It lifts the mood, spreads a peaceful atmosphere and reduces stress. Water tank capacity 280ml water. After 4 hours of operation, the humidifier switches off automatically to avoid an empty water tank. Quiet due to ultrasonic technology (≤36 dB). The warm white LED lighting does not interfere with sleep / falling asleep.

Insert, replacement Cotton Swap

Carefully pull out the plastic tube. Remove the inside cotton swap and replace it with the new cotton swap. When replacing the cotton swap, please pay attention to the lower spring in the tube and carefully reinsert the tube after replacement. Before using the humidifier, remove the cotton swap from the tube and immerse the cotton stick thoroughly in water (at least 10 seconds). If the spray quantity decreases, check if there is enough water or replace the cotton swap if necessary (cotton swaps can be reordered under Art. No. GO-204-CS).

Attention: Water filling and cleaning

1. Please add water before using this product. **Observe the maximum water filling line. Check the water level before adjusting the humidifier.** If there is a lack of water, the spraying function is prohibited.
2. Please **DO NOT** rinse the product under a tap when cleaning to avoid a possible short circuit of the product. Use a dry and soft cotton cloth for cleaning.
3. Do not leave children unattended with this product.
4. **Do not use pure or distilled water!**
5. Do not add essential oils or perfume or the like to the water to avoid clogging the spray nozzle.

WARNING !

1. Do not expose this product to heat, fire, or temperatures above 50 degrees Celsius and avoid exposing the humidifier to direct sunlight.
2. do not expose this product to mechanical shock.
3. children must be supervised by adults when using this product.
4. **DO NOT** use pure/distilled water, essential oils or other chemical liquids.

Cleaning tip of the steam outlet (Spray Jet)

Please do not use conventional and aggressive descaling agents. This will cause the connections, cables and electronics to corrode. Do not pour water or liquids directly into the Spray Jet (steam emission). This will damage the electronics.

TIP: Only clean the Spray Jet with a little ordinary vinegar. Moisten a cotton swab with a little vinegar (not dripping wet) and carefully clean the platelet until there is no lime residue left. Works perfectly and the Spray Jet has its full steam power again. Clean the Spray Jet regularly and carefully to remove lime residue.
